

RA-SH3200 SHENO WALL HUNG URINAL

RAK
CERAMICS

DESCRIPTION

The Sheno urinal has a distinctive design, perfect for compact bathrooms both for commercial and residential applications.

The Sheno urinal has the option of a lid, ideally suited to healthcare facilities or residential applications. The Sheno urinal has a rear inlet and has a rear outlet for concealed trap.

Care should be taken to ensure correct flushing volumes are maintained to ensure complete hygiene and complete rinsing of waste pipes.

Colour: Alpine white only.

Inlet connection: 1/2" BSP inlet connection included.

Waste outlet: Waste trap included. Plumber to install Ø50 waste (socket end to urinal) pipe in wall.

Lid: Sheno lid available as option.

Water pressure range: 100-500kPa.

Fixings: FS37UK wall fixing kit included.

Dimensions: All dimensions in mm. Tolerance 5% for below 200mm and ±3% above 200mm.

Flushing: Refer separate literature for our Delabie and RAK flushing valves.
